**Subject:** Formaldehyde section on respiratory pathology hazard  
**Attachments:** Respiratory Tract Pathology\_031015.docx

Hi John,

I've attached the respiratory pathology section. I revised the human section and it awaits your revision of the animal section. You will need to give me a new estimate of the date that you anticipate completing the revision. Our current schedule says we were to have had a completed draft by Feb 19<sup>th</sup> and I haven't heard from you about needing the change the date.

I see that you are out of the office...someplace nice I hope. We can touch base when you are back next week.

-Barbara
